The " baddest man on the planet, " undisputed, three-time WWE Champion and current UFC World Heavyweight Champion, Brock Lesner, shares his true personal story of determination, domination, and survival in Death Clutch: A raw, no-holds-barred memoir from one of the most popular—and polarizing—figures in sports entertainment and professional mixed martial arts, Death Clutch is an essential volume for every WWE and Ultimate Fighting fan.

During the last years of his life, Leo Tolstoy kept one book invariably on his desk, read and reread it to his family, and recommended it to all his friends: a compendium of wise thoughts gathered over the course of a decade from his wide-ranging readings in philosophy and religion, and from his own spiritual meditations. It was banned under the Communists, and only one volume, A Calendar of Wisdom, drawn largely from the writings of other famous thinkers, has been published before in English. Wise Thoughts For Every Day is the volume comprising Tolstoy ' s own most essential ideas about spirituality and what it is to live a good life. Designed by Tolstoy to be a cycle of daily readings, this book offers thoughts and aphorisms for every day according to a succession of themes repeated each month—such as God, the soul, desire, our passions, humility, inequality, evil, truth, happiness, prayer, and the blessings of love. At once challenging, comforting, and inspiring, this is a spiritual treasure trove and a book of great human warmth.

In this thrilling, no-holds-barred memoir, WWE Champion Drew McIntyre tells the incredible roller-coaster story of his life, from a small village in Ayrshire, Scotland, to the bright lights of WWE. From a young age, Drew McIntyre dreamed of becoming WWE Champion and following in the footsteps of his heroes Stone Cold Steve Austin and Undertaker. With his parents ' support, he trained and paid his dues, proving himself to tiny crowds in the UK ' s Butlin circuit. At age twenty-two, McIntyre made his WWE debut and was touted by none other than WWE Chairman Vince McMahon as " The Chosen One " who would lead WWE into the future. With his destiny in the palm of his hands, Drew watched it all slip through his fingers. Through a series of ill-advised choices and family tragedy, Drew ' s life and career spiraled. As a surefire champ, he struggled under the pressure of expectations and was fired from the company. But the WWE Universe had not seen the last of this promising athlete. Facing a crossroads, the powerful Scotsman set a course to show the world the real Drew McIntyre. Buoyed by the support of his wife Kaitlyn, and the memory of his beloved mother, Drew embarked on a mission to recharge, reinvent, and revitalize himself to fulfill his destiny. Chosen Destiny is a story of grit, courage, and determination as a fallen Superstar discovers who he truly is and storms back to reclaim his dream.

By the New York Times bestselling author, a provocative account of the attack on the humanities, the rise of intolerance, and the erosion of serious learning America is in crisis, from the university to the workplace. Toxic ideas first spread by higher education have undermined humanistic values, fueled intolerance, and widened divisions in our larger culture. Chaucer, Shakespeare and Milton? Oppressive. American history? Tyranny. Professors correcting grammar and spelling, or employers hiring by merit? Racist and sexist. Students emerge into the working world believing that human beings are defined by their skin color, gender, and sexual preference, and that oppression based on these characteristics is the American experience. Speech that challenges these campus orthodoxies is silenced with brute force. The Diversity Delusion argues that the root of this problem is the belief in America ' s endemic racism and sexism, a belief that has engendered a metastasizing diversity bureaucracy in society and academia. Diversity commissars denounce meritocratic standards as discriminatory, enforce hiring quotas, and teach students and adults alike to think of themselves as perpetual victims. From #MeToo mania that blurs flirtations with criminal acts, to implicit bias and diversity compliance training that sees racism in every interaction, Heather Mac Donald argues that we are creating a nation of narrowed minds, primed for grievance, and that we are putting our competitive edge at risk. But there is hope in the works of authors, composers, and artists who have long inspired the best in us. Compiling the author ' s decades of research and writing on the subject, The Diversity Delusion calls for a return to the classical liberal pursuits of open-minded inquiry and expression, by which everyone can discover a common humanity.
