Almost everyone who crosses the therapist's threshold is looking for a second chance—a shot at living a richer, less restricted life. Understanding how echoes of the past resonate in and shape the present provides opportunities to resolve crippling conflicts and make new choices. Furthermore, such insight produces a sense of mastery. But not everyone is aware that the problems s/he brings into weekly therapy are just the first few bars of his or her song. Jane Hall wrote Deepening the Treatment to help the psycho-dynamically informed therapist help the patient recognize that exploring ideas and feelings is a journey worth taking and that the therapist is a trustworthy guide. Often, people need to wade before they feel comfortable diving into deep waters. Hall introduces a responsible if unconventional application of respectful, nondirective therapy, and she supports her vision with clinical examples and thoughtful attention to issues of basic technique—among them separation, termination, self-disclosure, frequency of sessions, tolerating patient rage, and, of course, interpreting the transference.

Nothing ever happens in Fayette, South Carolina. That's what Popeye thinks, anyway. His whole life, everything has just been boring, boring, boring. But things start to look up when the Jewells' Holiday Rambler makes a wrong turn and gets stuck in the mud, trapping Elvis and his five rowdy siblings in Fayette for who knows how long. Popeye has never met anyone like Elvis Jewell. He's so good at swearing he makes Uncle Dooley look like a harp-strumming angel, and he says "So what?" like he really means it. Then something curious comes floating down the creek—a series of boats with secret messages—and it sends Popeye and Elvis into the big world on the hunt for a small adventure. With a healthy helping of humor and the signature Southern charm that has captivated children and critics alike, Barbara O'Connor's newest tale is a heartwarming look at the joy that can come out of being a Royal Rule Breaker, and learning to find one's own adventures. This title has Common Core connections.
