For a parent, losing a child is the most devastating event that can occur. Most books on the subject focus on grieving and recovery, but as most parents agree, there is no recovery from

Online Library
After The Death
Of A Child. This book
examines the
continued love
parents feel for their
child and the many
poignant and
ingenious ways they
devise to preserve the
bond. Through
detailed profiles of
parents, Ann
Finkbeiner shows how
new activities and
changed relationships

Online Library After The Death

with their spouse, friends, and other children can all help parents preserve a bond with the lost child. Based on extensive interviews and grief research, Finkbeiner explains how parents have changed five to twenty-five years after the deaths of their children. The first half

Online Library After The Death

of a child discusses the short- and long-term effects of the child's death on the parent's relationships with the outside world, that is, with their spouses, other children, friends, and relatives. The second half of the book details the effect on the parents' internal world: their continuing

Online Library After The Death

sense of guilt; their need to place the death in some larger context and their inability sometimes to consistently do so; their new set of priorities; the nature of their bond with the lost child and the subtle and creative ways they have of continuing that bond. Finkbeiner's central

Online Library After The Death

of A Child
Living with
Loss Through
The Years

point is not so much how parents grieve for their children, but how they love them.

Refusing to fall back on pop jargon about “recovery” or to offer easy solutions or standardized timelines,

Finkbeiner’s is a genuine and moving search to come to terms with loss. Her

Online Library After The Death

complex profiles of parents resonate with the honesty and authenticity of uncomfortable emotions expressed and, most importantly, shared with others experiencing a similar loss. Finally, each profile exemplifies the many heroic ways parents learn to live with their pain, and by

Online Library After The Death

offering comfort and connection to those walking similar paths. Original.

The Years

When children lose someone they love, life is never the same. In this sympathetic book, the authors advocate an open, honest approach, suggesting that our instinctive desire to

Online Library After The Death

"protect" children from the reality of death may be more harmful than helpful.

The Years

The death of a child has a tremendous and overwhelming impact on parents and siblings, completely altering the psychological landscape of the family. In the

Online Library After The Death

of A Child
Living with
Loss Through
The Years

aftermath of such a tragedy, parents face the challenge of not only dealing with their own grief, but also that of their surviving children. How can someone attempt to cease parenting a deceased child while maintaining this role with his/her other children? Is it possible for a mother or father

subsequent impact on a family in a novel and effective way, demonstrating the strength and importance of their book for the counseling field.

The world's leading expert on near-death experiences reveals his journey toward rethinking the nature

Online Library After The Death

of a child, and the continuity of consciousness.

Cases of remarkable experiences on the threshold of death have been reported since ancient times, and are described today by 10% of people whose hearts stop. The medical world has generally ignored these "near-

Online Library After The Death

of a child death experiences,” dismissing them as “tricks of the brain” or wishful thinking. But after his patients started describing events that he could not just sweep under the rug, Dr. Bruce Greyson began to investigate. As a physician without a religious belief system, he

Online Library After The Death

of A Child
Living with
Loss Through
The Years

approached near-death experiences from a scientific perspective. In *After*, he shares the transformative lessons he has learned over four decades of research. Our culture has tended to view dying as the end of our consciousness, the end of our

Online Library After The Death

existence—a dreaded prospect that for many people evokes fear and anxiety. But Dr. Greyson shows how scientific revelations about the dying process can support an alternative theory. Dying could be the threshold between one form of consciousness and another, not an

Online Library

After The Death Of A Child

ending but a transition. This new perspective on the nature of death can transform the fear of dying that pervades our culture into a healthy view of it as one more milestone in the course of our lives. After challenges us to open our minds to these experiences and to what they can

Online Library After The Death

Of A Child
Living With
Loss Through
The Years

teach us, and in so doing, expand our understanding of consciousness and of what it means to be human.

Learn about the stages of grief and how to work through it.

A recent gay widower may find that once the
