Don't be afraid to try! Make connections! Be persistent! Ask questions and never take no for an answer! Learn the secrets and amazing stories of successful inventors! How to Become an Accidental Genius is full of inspiring tales of famous and lesser-known inventors who have changed the world, from George Washington Carver, Mary Anderson (inventor of the windshield wiper) and inventor and actress Hedy Lamarr to Frank Epperson (of Popsicle fame) and Mary Sherman Morgan (The Woman Who Saved the U.S. Space Race). Readers will be amazed at the inventiveness of these geniuses. The book focuses on inventors from North America but includes stories from around the world. Organized into eleven chapters that highlight the qualities inventors have in common, the book also features profiles of inventive kids and teenagers.

From avalanches to shipwrecks, this brand-new fiction series hurtles its characters into dangerous situations, leaving them with only their wits and and courage to survive! At 1:55 AM on the morning of May

29, 1914, two young friends, Sarah and Albert stand on the deck of the Empress of Ireland, a ship sailing from Canada to Liverpool, England. But excitement soon turns to terror, as the friends feel a sharp jolt. The ship begins to tilt. People scream. Stewards order passengers to head for the lifeboats. It is a full-on nautical disaster, and only one question remains. Will they survive?

Jake's little sister refuses to leave him alone, and so finally, in desperation, he wishes she was a dog, only to instantly regret his actions.

Charlotte Summers is sure that summer camp is going to be a disaster. And she's right. But it's not as disastrous for her as it is for her counselor, Abby. Abby has no control over the girls in her charge. The control is held by the cabin's mean girl. Charlotte realizes that she could tip the balance of power and unseat the bully, but does she have the courage to go for it?

Presents the life of the renowned physicist, from his privileged childhood to his early struggles to develop the theory of relativity, and his eventual recognition as one of the greatest scientists of the twentieth century.

When Anne has to do a school project, she picks a delicious subject - chocolate! Then she gets a mysterious CD-ROM, and with a click of the mouse she's traveling in time: arguing with Columbus, sipping cocoa with the queen, tasting the world's first chocolate chip cookie. It's the greatest adventure ever!

Matt and Emily travel back in time on a magic sled and befriend Stefan, a Ukranian boy struggling with pioneer life in early twentieth century Canada.
