In James Joyce, *Sexuality and Social Purity*, Katherine Mullin offers a richly detailed account of Joyce's lifelong battle against censorship. Through prodigious archival research, Mullin shows Joyce responding to Edwardian ideologies of social purity by accentuating the 'contentious' or 'offensive' elements in his work. *Ulysses*, *A Portrait* and *Dubliners* each meticulously subvert purity discourse. This important and highly original book will change the way Joyce is read and offers crucial insights into the sexual politics of Modernism.

What happens when you mysteriously transport a beautiful, spoiled, rebellious, entitled, racially biased and presumably "white" all-American girl from 2009 back in time where she is forced to live out the life of a slave in the antebellum South? Torn between times, love survival, conformity, and resistance, SeRina is determined to return home, but how? Lodged in 1859 living the life of a slave instead of her life of luxury, "Freedom", the once insignificant, simple and presupposed word now held a new value in her mind, and she wondered if she would ever taste it again.

'Ulysses' is a novel by Irish writer James Joyce. It was first serialised in parts in the American journal 'The Little Review' from March 1918 to December 1920, and then published in its entirety by Sylvia Beach in February 1922, in Paris. 'Ulysses' has survived bowdlerization, legal action and bitter controversy. Capturing a single day in the life of Dubliner Leopold Bloom, his friends Buck Mulligan and Stephen Dedalus, his wife Molly, and a scintillating cast of supporting characters, Joyce pushes Celtic lyricism and vulgarity to splendid extremes. An undisputed modernist classic, its ceaseless verbal inventiveness and astonishingly wide-ranging allusions confirm its standing as an imperishable monument to the human condition. It takes readers into the inner realms of human consciousness using the interior monologue style that came to be called stream of consciousness. In addition to this psychological characteristic, it gives a realistic portrait of the life of ordinary people living in Dublin, Ireland, on June 16, 1904. The novel was the subject of a famous obscenity trial in 1933, but was found by a U.S. district court in New York to be a work of art. The furor over the novel made Joyce a celebrity.

In the long run, the work placed him at the forefront of the modern period of the early 1900s when literary works, primarily in the first two decades, explored interior lives and subjective reality in a new idiom, attempting to probe the human psyche in order to understand the human condition. This richly-allusive novel, revolutionary in its modernistic experimentalism, was hailed as a work of genius by W.B. Yeats, T.S. Eliot and Ernest Hemingway. Scandalously frank, wittily erudite, mercurially eloquent, resourcefully comic and generously humane, 'Ulysses' offers the reader a life-changing experience. Publisher : General Press

Given Jack Kerouac's enduring reputation for heaving words onto paper, it might surprise some readers to see his name coupled with the word "poetics." But as a native speaker of French, he embarked on his famous "spontaneous prose" only after years of seeking techniques to overcome the restrictions he encountered in writing in a single language, English. The result was an elaborate poetics that cannot be fully understood without accounting for his bilingual thinking and practice. Of the more than twenty-five biographies of Kerouac, few have seriously examined his relationship to the French language and the reason for his bilingualism, the Qu,bec Diaspora. Although this background has long been recognized in French-language treatments, it is a new dimension in Anglophone studies of his writing. In a theoretically informed discussion, Hassan Melehy explores how Kerouac's poetics of exile involves meditations on moving between territories and languages. Far from being a naive pursuit, Kerouac's writing practice not only responded but contributed to some of the major aesthetic and philosophical currents of the twentieth century in which notions such as otherness and nomadism took shape. Kerouac: Language, Poetics, and Territory offers a major reassessment of a writer who, despite a readership that extends over much of the globe, remains poorly appreciated at home.

!--StartFragment-- In her most popular bestseller ever, the beloved author and minister Joyce Meyer shows readers how to change their lives by changing their minds. Joyce Meyer teaches how to deal with thousands of thoughts that people think every day and how to focus the mind the way God thinks. And she shares the trials, tragedies, and ultimate victories from her own marriage, family, and ministry that led her to wondrous, life-transforming truth--and reveals her thoughts and feelings every step of the way. Download the free Joyce Meyer author app.

An account of the dramatic writing of and fight to publish James Joyce's Ulysses reveals how the now-classic book was the subject of a landmark federal obscenity trial in 1933 that overturned key censorship laws.

A unique, positive collection of essays profiles a number of forgotten female Jewish leaders who played key roles in various American social and political movements, from suffrage and birth control to civil rights and fair labor practices. 10,000 first printing.
