The first 60 pages of E-Cubed present the theories that Pam Grout wants us to prove through her experiments. Like Pam, these are more than theories to me; they are more like a way of life. But for many, they are new (possibly disturbing) ideas that contradict many (most) mainstream teachings.

In E-Cubed (don't worry—there will never be E to the 10th Power), Pam Grout takes you higher and deeper into the quantum field, where you'll prove that blessings and miracles are natural and that joy is only a thought away.

Offers nine new experiments to try to show how the abundance of the world can be open to readers and that their own thoughts create reality, in a follow-up to the internationally best-selling E-Squared. 75,000 first printing.

E-Squared, the international hit sensation described by one reader as "The Secret on crack," provided the training wheels, the baby steps, to "really getting it" that thoughts create reality. In E-Cubed (don't worry—there will never be E to the 27th Power), Pam Grout takes you higher and deeper into the quantum field, where you'll prove that blessings and miracles are natural and that joy is only a thought away. With nine new experiments and more tips on how to keep the gates of the world's largesse and abundance wide-open, this book is chock-full of incontrovertible evidence that the universe is just waiting for us to catch up, just waiting for us to begin using the energy that has always been available for our enjoyment and well-being.

E-Squared, the international hit sensation, showed the world that thoughts really can become reality. Following on from this word-of-mouth smash, Pam presents deeper, more powerful proof of the quantum field's fantastic effects. In E-Cubed Pam takes you through 9 more experiments that will prove to you that thoughts create our world, including: . Greeting ALL experiences with joy (that includes parking tickets!) to open you up to unlimited happiness . Testing out the power of specific words for dramatic shifts in consciousness and manifestation . Breaking out of the endless media cycle, and connecting with the world's natural rhythms for abundance . Giving up all attachment to money (even giving it away!) to break the cycle of small thinking and living The universe is just waiting for us to catch up, just waiting for us to begin using the energy that has always been available for our enjoyment and wellbeing.

E-Squared is the sensational word-of-mouth SMASH that has gone on to become an international phenomenon, published in 26 languages and featured in the New York Times bestseller list! E-Squared could best be described as a lab manual with simple experiments that prove reality is malleable, consciousness trumps matter, and you shape your life with your mind. Yes, you read that right. It says prove. The nine experiments, each of which can be conducted with absolutely no money and very little time expenditure, demonstrate that spiritual principles are as dependable as gravity, as consistent as Newton's laws of motion. Rather than take it on faith, E-Squared invites you to prove the following principles: □ There is an invisible energy force or field of infinite possibilities. □ You impact the field and draw from it according to your beliefs and expectations. □ Your connection to the field provides accurate and unlimited guidance. □ The universe is limitless, abundant, and strangely accommodating. E-Squared is the remarkable truth that spiritual seekers have been looking for over the centuries. Discover why everyone is talking about it TODAY!

"Ever wonder why your thoughts easily create up-front parking spaces but don't always produce the fat wad of cash or the hot guy? Could it be you're on a different frequency? Could it be there's static in your consciousness? Abundance, love, and peace are always available for the taking. But you have to get on the right frequency. And despite what you may have heard, it's not thinking that calls in miracles--it's thanking. When you're on the frequency of gratitude and joy, the universe is free to line things up, work things out, pull rabbits out of hats. When we observe the world from a place of gratitude, when we use our attention to spot beauty, to focus on possibility, we radically change our day-to-day experience. But why take someone else's word for it? The 30-day experiment in this book invites you to prove it to yourself. You'll also learn that abundance goes way beyond financial capital. An "earnings" worksheet is provided to track your Thank & Grow Rich portfolio, which includes social, creative, adventure, alchemic, and spiritual capital and comes with four personalized gifts straight from the always accommodating universe. Upgrade your life from ho-hum to wahoo in this exploration of energy, frequency, and universal magic"--

ACIM, the Fun Version! A real-world rewrite of the lessons of A Course in Miracles by the #1 New York Times best-selling author of E-Squared. A Course in Miracles is profound, deeply moving, and as boring to read as a bookshelf assembly manual. Ask for a show of hands at any self-help gathering, and 95 percent will happily admit to owning the dense blue book that's a famous resource for spiritual transformation. Ask the obvious follow-up, "How many have actually read it?" and all but a smattering of hands go down. It's as if everyone wants the miracles, the forgiveness, and the mind shifts, but they just can't bear its ponderous heaviness. Pam Grout to the rescue! Her new book is for all those still struggling with the Course. Grout offers a modern-day rewrite of the 365-lesson workbook--the text at the heart of the Course. Unlike the original, it's user-friendly, accessible and easy for everyone to understand. In daily lessons with titles like "The Home Depot of Spiritual Practices" and "Transcending the Chatty Asshat in My Head," Grout drills down to the Course's essential message and meaning, grounding it in the context of everyday life in a way that's bound to stick. The lessons here blend eternal truths with pop culture and personal stories that are laugh-out-loud funny and deeply soul-stirring, often at the same time. You won't be tempted to use this Course in Miracles as a doorstop. You'll want to use it, every day, to change your life.

"If the dead could speak, don't you wonder what they would say to those of us they've left behind? What would they tell us to soothe our sorrow for their loss, calm our fears of what happens when we die, and fire us up to live the best possible lives we can right now? ... Dooley explores our most pressing and profound questions about the afterlife--and this life--from the fresh perspective of those who have made the transition to the next phase"--Amazon.com.

Imagine studying French in a Maine village, learning about nutrition at a historic North Carolina spa, or helping rebuild the devastated communities of the Gulf Coast. Weave a Navajo rug; make a film in New York; learn to surf in Mexico; or choose any of scores of other possibilities.

This gem of a book presents God as a positive life force that, when tapped, can send our lives spinning in an exciting new direction. It explains how spiritual "experiments" work, and provides concrete instructions for using these principles to improve one's life. Ten spiritual concepts are introduced, with a suggested 48-hour experiment to prove each one. Some examples of these principles are: 1) There's a power and force in the universe that can heal; 2) Your thoughts create your reality; and 3) By directing your mind, you can create more abundance, joy, and love in your life. Written in a conversational, contemporary voice, God Doesn't Have Bad Hair Days will appeal to the spiritual believer who's a fan of such bestsellers as The Prayer of Jabez and Simple Abundance, as well as to the spiritually curious who seek fulfillment outside traditional Christian denominations. The spiritual skeptic, too, will be drawn to this attractive book and its cheeky, no-nonsense tone.
