Former Navy SEAL Nixon Swagger was home. After twelve years of service and twice as many deployments, all Nix wanted was quiet. He'd sought the solace of the land he'd grown up on and found the peace he needed to silence the noise and figure out his next move. Nixon's stay was supposed to be temporary. He wasn't supposed to meet a feisty, head-strong woman who made his pulse race and set his body on fire. Falling in love hadn't been part of his plan. Taking a government contract to stop a homegrown terrorist group hadn't been either, but when the organization threatens to attack Philadelphia, he had no choice but to accept. McKenna Wilson was living. Every day was the same. Raising her two teenage siblings didn't leave time for much else. Most days, she was okay with that. Then she bumped into the sexy war hero and, in an instant, her world changed. She had no idea falling for Nixon would be so dangerous. Now she was going head-to-head with the small-town's dirty sheriff who was hell-bent on ruining Nixon and avenging a fifteen-year-old grudge. She'd lost her heart, but losing her life wasn't part of the plan. Nixon Swagger had learned a few things as a Navy SEAL—adapt, improvise, and overcome were among the many. In the middle of an inferno, so ominous even Dante wouldn't buy a ticket, Nixon must adapt to his new surroundings and overcome multiple threats before he loses the woman he loves. Gemini Group Nixon's Promise Jameson's Surrender Weston's Treasure Alec's Dream Chasin's Surrender Holden's Resurrection ---- What readers are saying: "Oh my gosh did I ever love this book, and to think it 's the first in a series, so there is more to come. Nixon 's Promise is extremely well written with characters that touch the heart. What a remarkable storyline that will make you laugh, smile, hold you in it 's suspenseful grip and leave you hot and bothered all at the same time." "If I could give 100 Stars, I would. I know that I sound like a broken record but Riley Edwards did it again and I'm confident to say that Ms Edwards will continue to awe me with her awesomeness." "This original new series from Riley Edwards shows great promise. Nixon Swagger has returned to his Maryland hometown to regroup and plan his next move after 12 years in the Navy. Meeting McKenna and falling for her wasn't part of his plan, but sometimes plans need to change. This is my favorite line from the book, "Sometimes you need sacrifice what you want to do so you can do what you need to do for those you love." The characters are well developed and the story is compelling. As with any new series, I had to be patient at the beginning as series developing. Nixon's POV is written in third person and McKenna's POV is in first person. It took me until chapter 3 to really get in the groove of the changing POV, but it works well." ---- Topics: romantic suspense, contemporary romance, military romance, series, romantic suspense series, mystery, funny romance, modern romance, small town romance, wealthy, Navy SEAL romance, smart romance, suspense romance, lighthearted romance, hot romance, riley edwards, riley edwards romance, rebels romance, proposal, proposal romance, engagement, engagement romance, sexy, heartwarming, heart-warming, family, love, love books, kissing books, emotional journey, contemporary, contemporary romance, romance series, long series, long romance series, Navy, navy series, former military, cop, police officer, policeman, cop romance, wealthy hero, sassy, strong heroine, captivating romance, hot, hot romance, forbidden love, sparks, loyalty, swoon, contemporary, rescue, kidnap, justice, Mercenary romance, enlisted, daughter, shelter, claiming, defending, protect, damsel in distress, hospital, doctor, drama, action and adventure, action romance, veteran, former soldier, soldier, romantic, Navy SEAL, military romance, Emotional, HEA, happily ever after romance Other readers enjoyed books by: Susan Stoker, Caitlyn O'Leary, Maryann Jordan, Dale Mayer, Lynn Raye Harris, Cat Johnson, Alexis Abbott, Meli Raine, Nicole Elliot, Lori Ryan, Meghan March, Kristin Ashley, Kris Michaels, Brittney Sahin, Sharon Hamilton,

IPCC Report on sources, capture, transport, and storage of CO2, for researchers, policy-makers and engineers.

A revision of the highly popular guide to the design and installation of security and fire alarm systems in residential, commercial and industrial buildings. The book covers how-to methods for equipment selection, system design, cost estimating, system installation, and troubleshooting. Designed for quick reference and on-the-job use, it includes scores of diagrams, drawings and photographs to illustrate every design and installation procedure.
