The dwarves are going to battle for the last time. There has been no word from the courageous warrior Tungdil since the bitter struggle at the Black Abyss. Dragons, magicians, and the cruel älfar have advanced far into the kingdom Girdlegard, ruthlessly seizing vast areas of land. It seems that the dwarves are facing their next battle with very little hope of survival. But then the inexplicable happens; a dwarf warrior dressed in black armor returns from the abyss - with a formidable army in tow. This warrior calls himself Tungdil, and for his most loyal friend Ireheart and his allies, this means a new hope. But soon doubts begin arise . . . Could this really be Tungdil the dwarf, or is this warrior following his own dark agenda? It is a question of the future of Girdlegard - and the future of all the dwarves. In the final installment of this spectacular fantasy epic, the

greatest of the dwarves' adventures begins . . .

"Everything I look for in a fantasy." - George R. R. Martin All paths lead to war... Marcus' hero days are behind him. He knows too well that even the smallest war still means somebody's death. When his men are impressed into a doomed army, staying out of a battle he wants no part of requires some unorthodox steps. Cithrin is an orphan, ward of a banking house. Her job is to smuggle a nation's wealth across a war zone, hiding the gold from both sides. She knows the secret life of commerce like a second language, but the strategies of trade will not defend her from swords. Geder, sole scion of a noble house, has more interest in philosophy than in swordplay. A poor excuse for a soldier, he is a pawn in these games. No one can predict what he will become. Falling pebbles can start a landslide. A

They are the enemies of the dwarves and control the darkest magics, but even then power of the Ä Ifar has its limits. To save their own people, they must enter into an unwinnable war. Sinthoras and Caphalor, two very different Ä Ifar, watch as their

plans come to fruition: the hidden land—the home of the dwarves—has fallen to their army of trolls, barbarians and Älfar, and now the lands of the hated elves are within their grasp. But the alliance is beginning to crumble as greed triumphs over obedience. And Sinthoras and Caphalor face another threat: an enemy from the empire of the Älfar, thought to be defeated, has resurfaced, and while their best warriors fight in the hidden land, the Älfar homeland lies almost defenseless.

With her bestselling fantasy trilogy, *Dragon Prince*, Melanie Rawn introduced us to Sunrunner 's magic and sorcerous evil, to a ruler striving to bring peace to warring kingdoms—and to her magnificent dragons. shattered when a mysterious invasion force begins a devastating campaign against the people of the Desert. Now, in *The Dragon Token*, the time for retreat has come to an end as Rohan's son and heir, Pol, rallies his forces in a desperate bid to halt the advance of the invaders. But ancient rivalries begin to weaken his alliance and only time will tell whether those loyal to the High Prince can defeat both the foreign invaders and the betrayers in their own ranks. And even as Pol leads his troops forth, Andry, the Sunrunner Lord of Goddess Keep, is also determined to take the attack to this enemy force which has sworn to slay all workers of magic. Yet the invaders have their own agenda of conquest, and they are even now readying to strike at the very heart of the Desert, stealing treasures which Pol and Andry would pay any price to reclaim—even if the price should prove to be their own lives....

Aram Raythe has the power to challenge the gods. He just doesn't know it yet. Aram thinks he's nothing but a misfit from a small fishing village in a dark corner of the world. As far as Aram knows, he has nothing, with hardly a possession to his name other than a desire to make friends and be accepted by those around him, which is something he's never known. But Aram is more. Much, much more. Unknown to him, Aram bears within him a gift so old and rare that many people would kill him for it, and there are others who would twist him to use for their own sinister purposes. These magics are so potent that Aram earns a place at an academy for warrior mages training to earn for themselves the greatest place of honor among the armies of men: dragon riders. Aram will have to

fight for respect by becoming not just a dragon rider, but a Champion, the caliber of mage that hasn't existed in the world for hundreds of years. And the land needs a Champion. Because when a dark god out of ancient myth arises to threaten the world of magic, it is Aram the world will turn to in its hour of need.

When I went into cryosleep on the way from Mars to Earth, I never expected to wake up in a cage. When our captor's ship crashes on an ice world, I'm rescued by a fierce Mosauran Dragon warrior. He and his people are stranded here too, along with several other races—all of them enemies and each of them dangerous. Markus is the Commander of his people, and his species is one of the most feared in the galaxy. He claims that I'm his fated one—his Ashaya. He's fiercely protective and possessive of me, and I cannot deny that I'm

drawn to him in ways I don't understand. The more time we spend together, I begin to wonder: what would it be like to be fated to a dragon?

Sooner than they realize, Tungdil and his comrades will need to summon all their courage to do battle against this bloodthirsty horde. The Orcs are not the only threat. An unspeakable new power is growing and threatens the very existence of the dwarves.
