comparative religion, worldviews and value systems has never been more relevant. This handbook examines the claims of the world's five major religions - Hinduism, Buddhism, Judaism, Islam and Christianity - what they teach, how they view the world, how they differ from one another and, most importantly, challenges the reader to see that these five religions cannot all be true ... Written for Year 10 and 11, the student handbook contains a range of stimulating and thought provoking activities designed to help the student wrestle with the claims of each religion"--Publisher's website.

The world is a very religious place. Wherever you look, people are worshipping, praying, believing, following, even dying for their faith. But are all faiths the same? Do they all call on the same God using different names? Are their beliefs and practices simply cultural expressions of the same spiritual longings? In this timely book, John Dickson presents each of the world's major religions in its best light. He carefully outlines the history, belief systems and spiritual practices of Hinduism, Buddhism, Judaism, Christianity and Islam so that the interested 'spectator' can explore their similarities and differences. For sceptics, believers and students of religion the book provides a fair and friendly introduction to this ultimate subject.

Is religion a pernicious force in the world? Does it poison everything? Would we be better off without religion in general and Christianity in particular? Many skeptics certainly think so. John Dickson has spent much of the last ten years reflecting on these difficult

questions and on why so many doubters see Christianity as a major cause of harm not blessing. The skeptics, he concludes, are right: even a cursory look at the history of Christians reveals dark things therein--violence, bigotry, genocide, war, inquisition, oppression, imperialism, racism, corruption, greed, power, abuse. For centuries and even today, Christians have been among the worst bullies you could ever imagine. But these skeptics are only partly right: this is not what Christianity was meant to be. When Christians do evil they are out of tune with the teachings of their Lord. Jesus gave the world a beautiful melody--of love, grace, charity, humility, non-violence, equality, human dignity--to which, tragically, his followers have more often than not been tone-deaf. Denying the evils of church history does not do. John Dickson gives an honest account of the mixed history of Christianity, the evil and the good. He concedes the Christians' complicity for centuries of bullying but also shows the myriad ways the beautiful melody of Christ has enriched our world and the lives of countless individuals. This book asks contemporary skeptics of religion to listen again to the melody of Jesus, despite the discord produced by too many Christians through history and today. It also leads contemporary believers into sober reflection on and repentance for their own participation in the tragic inconsistencies of Christendom and seeks to inspire them to live in tune with Christ.

In this introduction to the life and teaching of Jesus, Dr. John Dickson takes readers through the historical data to reveal in Jesus a man who will surprise both the religious and the not-so-religious. The Jesus who

emerges from the ancient sources challenges the norms of his culture, society, and religion. This Jesus associates with sinners, demands compassion toward the needy, and denounces imperialism. The historical Jesus is not left-wing or right-wing. The Jesus of history transcended these simplistic modern categories. Instead, he was a man unlike any other.

This lively, accessible book highlights society's most influential voices - including New Age, Secular Humanism, Relativism and Postmodernism. Readers will be rewarded with a way to process the complex messages of our 21st century world and an understanding of how these relate to a Christian worldview.

The Encyclopedia of Caribbean Religions is the definitive reference for Caribbean religious phenomena from a Caribbean perspective. Generously illustrated, this landmark project combines the breadth of a comparative approach to religion with the depth of understanding of Caribbean spirituality as an ever-changing and varied historical phenomenon. Organized alphabetically, entries examine how Caribbean religious experiences have been shaped by and have responded to the processes of colonialism and the challenges of the postcolonial world. Systematically organized by theme and area, the encyclopedia considers religious traditions such as Vodou, Rastafari, Sunni Islam, Sanatan Dharma, Judaism, and the Roman Catholic and Seventh-day Adventist churches. Detailed subentries present topics such as religious rituals, beliefs, practices, specific historical developments, geographical

differences, and gender roles within major traditions. Also included are entries that address the religious dimensions of geographical territories that make up the Caribbean. Representing the culmination of more than a decade of work by the associates of the Caribbean Religions Project, The Encyclopedia of Caribbean Religions will foster a greater understanding of the role of religion in Caribbean life and society, in the Caribbean diaspora, and in wider national and transnational spaces.

As a teenager, sex surrounds you: it's not something you need to go looking for. Perhaps you think you know it all ... or maybe that's just the impression you give your friends. This book answers your questions about teenage sexuality and relationships. Renowned sex therapist and educator, Dr Patricia Weerakoon, explores the topics of sexual desire and arousal, falling in love, and dating—things like, 'How far is too far?' You'll also cover topics like cybersex, pornography and homosexuality, and the effects these can have on our sex lives. The discussion is frank and, in parts, explicit. You may find it a little uncomfortable, but it's stuff that will inform and challenge you. Ultimately, it calls you to consider who you are and what you stand for. Discover how living God's countercultural lifestyle leads to healthy,
