List of Stargate literature - Wikipedia

The Stargate Atlantis Legacy series seems to be following the same trend as the recent Star Wars multi-author, multi-book series; by that I mean there is perhaps enough main story for about three books and the rest is padded with filler material and similar situations that repeat themselves time and again through the books without any real resolution.

**SCOTLAND** The heavy summer air of 1593 is full of portents for Elizabeth, England's Queen, and James VI, King of Scotland. A coven of witches secretly controlled by the Wizard Earl of Bothwell has summoned a storm to sink the ship that bears James' bride to Scotland. Though the ship made port, the success of their summoning has emboldened them; the coven is now launching wizardly attacks on the King himself — and James is terrified. **FROM SATAN'S WIZARD EARL** The King has protectors — not least the Queen of England herself — but not even Elizabeth's secret service and her champion, the redoubtable Sir Philip Sidney, can be on watch every instant. Eventually a trap is sprung, and King James is at the mercy of the satanic Bothwell's deadly spells...
