The Oversoul Seven Trilogy : Jane Roberts : 9781878424174
Seth is apparently a spirit - or oversoul, I guess- who communicated with the author, Jane Roberts, in a psychic fashion. The Books of Seth are transcripts of her conversations with Seth. This I learned from wikipedia. The Education of Oversoul 7 is a fictionalized account of the history and future of mankind as described by Seth. I guess.

The Oversoul Seven Trilogy is one of the most imaginative tales ever written. Inspired by Jane Roberts' own experiences with the Seth Material, it explores life, death, time and space, providing a fascinating and provocative perspective on the nature of reality. In The Education of Oversoul Seven, Seven learns to communicate with four of his "incarnations" whose lives are separated by centuries, yet who also co-exist. In The Further Education of Oversoul Seven, the adventure continues with Seven facing new lessons as his human incarnations struggle with the problems of sanity, free will, and even godhood. In Oversoul Seven and the Museum of Time, Seven journeys to the Museum of Time in search of the "Codexils," which are eternal truths that bring about the greatest opportunities for vitality, understanding, and fulfillment. The adventures of Oversoul Seven are at once an intriguing fantasy, a mind-altering exploration of our inner being, and a vibrant celebration of life.

The ageless, timeless entity Oversoul Seven must deal with the problems of an unusual assortment of mortals that includes a young man reluctant to be a father, a student contemplating suicide, and a woman unhappy with her reincarnation

One of the most powerful of the Seth Books, this essential guide to conscious living clearly and powerfully articulates the furthest reaches of human potential, and the concept that we all create our own reality according to our individual beliefs. Having withstood the test of time, it is still considered one of the most dynamic and brilliant maps of inner reality available today. "The Seth books present an alternate map of reality with a new diagram of the psyche . . . useful to all explorers of consciousness." – Deepak Chopra "Seth was one of my first metaphysical teachers. He remains a constant source of knowledge and inspiration in my life." – Marianne Williamson "I would like to see the Seth books as required reading for anyone on their spiritual pathway. The amazing in-depth information in the Seth books is as relevant today as it was in the early '70s when Jane Roberts first channeled this material." – Louise Hay

A child is educated into the "Parade of Life" and in turn teaches his people to work cooperatively with nature and all its aspects of life and death.

Many of you on Earth are talking about ascension. You are talking about ascending, that is, raising frequency. We want to talk with you about this. First, there isn't just one ascension. It is a process. It is happening now--on your planet and in other universes. It is a cooperation of energies working together. Many people on Earth are working together, and you are joined by the energies of other universes to assist you in your endeavor because they have the same goal. When you increase vibration, so do they. When you raise frequency, so do they. When you improve, so do they. When you vibrate at a faster speed, when you make corrections of earthly errors, so to speak, they benefit and there is a collective sigh of relief in the heavens. Death of the body is one form of ascension. It is a process, not a static state, and it is a rather effective and efficient one we might add, because one form of density is shed at the moment of death of the body and the spirit is free to soar and to vibrate more efficiently. Many of you on Earth are now learning to do this within the bodily framework, and we spirits are pleased with your work. We are proud of you. You are continuing a work that we understand because we did the best we could during our own earthly lives, and we love to see the work carried on. Things are the way they are. And that's about the best we can do in the way of analyzing them. What had meaning for us only has energy now and, undiluted by our own false meaning-giving, it is pure energy. It is very relaxing to realize we don't have to do anything with words or events. Except observe. Just notice. This state doesn't do much for our accounting skills or our golf games, but those could be relearned if we return to Earth and put the effort into it. It is always a choice.

"Psychic Politics" is Jane Roberts' search for the rules that govern our inner life--the links between daily, subjective experience and the greater Reality that nourishes all our existence. This is not only her most challenging book, but a very personal investigation in which the sources of dream and myth, and the creative wellsprings of sex and spirituality, appear in their full and breathing relationship to daily life. And, here for the first time, Roberts introduces her theories of "counterparts" the "library" and the "codexils", concepts that are key to understanding her entire body of work.

In The God of Jane, the most personal of her books, Jane Roberts addresses many of the same questions and doubts that readers have had in trying to incorporate Seth's theories into their own lives. This book is the story of my efforts to put Seth's material to work in daily life, Roberts writes, to free myself from many hampering cultural beliefs; and most of all, to encounter and understand the nature of impulses . . . What Roberts discovers in the process of this personal journey is her individual connection to the larger consciousness--God. The God of Jane, the God of Joe, the God of Lester, the God of Sarah . . . she writes, An appeal to that God would be an appeal to the portion of the universal creativity from which we personally emerge . . . It would stand for the otherwise inconceivable intersection between Being and our being . . . A new introduction by Susan M. Watkins, author of Conversations with Seth and Speaking of Jane Roberts, provides important biographical and historical information about Roberts and about the time period in which she was producing the Seth material.Jane Roberts (1929-1984) is considered one of the most important psychics of the twentieth century. From 1963 through 1984, Roberts channeled Seth, who described himself as an energy personality essence no longer focused in physical matter, while her husband, Robert Butts, took dictation. In addition to thirteen published books of her own, Roberts channeled nine books by Seth and a wealth of additional unpublished material all of which is housed at the Yale University Archives. Roberts's work has inspired many of the most important figures in the New Age movement and her work has been studied byscientists from all over the world.

Seth has repeatedly stressed the concept that we create our own reality according to our individual beliefs. But how do our realities merge and combine to form mass reactions such as the overthrow of governments, the birth of a new religion, wars, epidemics, earthquakes, and new periods of art, architecture, and technology? In this pioneering work, Seth explores the connection between personal beliefs and world events. He pinpoints the unconscious, and often negative, beliefs pervading science and religion, medicine and mythology, and offers thought-provoking reflections on Darwinism, Freudianism, religions, cults, and medical beliefs. With fascinating implications, Seth asserts that the personal impulses we are often taught to see as dangerous, chaotic, or contradictory, are instead crucial to the best interests of the species and the natural world, for they lead us to live "not only as loving caretakers, but as partners with other species." "Only people who trust their spontaneous impulses can be consciously wise enough to choose from a myriad of probably futures the most promising events...." – Jane Roberts, Speaking for Seth

An enlightening view of the relationship with our soul from Jane Roberts, Author of the best-selling Seth Speaks and The Nature of Personal Reality
