So many people misunderstand prosperity, as a matter of fact, someone once said it was a sin to be rich.

Perhaps many people have been brainwashed to think this way due to the large number of false prophets or

guarantee a secure and shiny future. In this inspiring book, Laura B. Fortgang reveals that the most powerful currency today is a deep and unwavering awareness of one's inherent worth and potential. The Prosperity Plan offers a simple and clear approach to building financial and emotional security. According to Fortgang, in order to obtain wealth and happiness we need to become receptive to all the world has in store for us. We must build lives outside of the "norm," always reaching for our own unique good versus some cookie-cutter version of what we thought our lives

AND GROW RICH It isn't everyday that an opportunity comes along to read newly discovered advice for success in tough times in a book by Napoleon Hill, the legendary author of Think & Grow Rich, The Magic Ladder to Success, and The Master Key to Riches. The Lost Prosperity Secrets of Napoleon Hill consists of a series of magazine articles Napoleon Hill wrote between 1919 and 1923 for Success magazine, for which he eventually became an editor. Hill's drive to become successful led him from the poverty stricken Appalachian Mountains to meetings with rags-to-riches tycoons.

These articles focus on Hill's philosophy of success. Drawing upon the thoughts and experiences of a multitude of influential people, Hill explains how those successful people achieved their status. Many of these writings have been the basis of several best-selling books. Discover principles designed to guide you in putting these steps to success into action. It is in these early articles that Hill honed his theories, refined his arguments, and polished his presentation of the success philosophy for the ordinary person. A necessary handbook for our era, The Lost

A former protégé of personal development pioneer Earl Nightingale, Proctor first built a wildly successful business career, and then an internationally successful speaking career, elaborating on the principles of Napoleon Hill's Think and Grow Rich and other classic success and prosperity texts. Proctor's position in the business motivation community equals that of Stephen Covey or Og Mandino. But as is not the case with those masters, his books have never been available to the general public—until now! In The ABCs of Success—the first trade book ever published by this
