This comprehensive handbook designed for the general public explains the structure of the United Nations, how the Organization works, the main issues it addresses and its importance for people everywhere. In addition to setting out the various roles played by principle UN organs and related organizations, Basic Facts about the United Nations documents the Organization's contributions to international peace and security, economic and social development, human rights, humanitarian action, international law and decolonization. Appendices contain current data on UN membership and peacekeeping operations, as well as contact information for UN information centers, services and offices. This latest edition, published in 2017, has been revised to take account of significant developments in the world and the Organization itself since 2014.

No ordinary collection of tales, this anthology was the result of extensive research that led Shah to conclude that there is a certain basic fund of human fictions which recur again and again throughout the world and never seem to lose their compelling attraction. This special paperback version of World Tales concentrates on the essentials, the text of the stories, and omits the illustrations which were part of a previous edition.

The present publication contains the texts of the three main international drug control conventions: the Single Convention on Narcotic Drugs of 1961 as amended by the 1972 Protocol; the Convention on Psychotropic Substances of 1971; and the United Nations Convention against Illicit Traffic in Narcotic Drugs and Psychotropic Substances of 1988. Annex I contains a table showing the year in which the narcotic drugs and psychotropic substances were placed under international control. Annex II shows the year in which substances frequently used in the illicit manufacture of narcotic drugs and psychotropic substances were placed under the control of the 1988 Convention.

Many illicit drug markets have reached global dimensions and require control strategies on a comparable scale. In that context, there is a need to better understand these transnational markets and the manner in which they operate. This annual report is a contribution towards that objective. It presents comprehensive information on the illicit drug situation and provides detailed estimates and trend analysis on

production, trafficking and consumption in the opium/heroin, coca/cocaine, cannabis and amphetamine-type stimulants markets

This report highlights how youth social entrepreneurship can support young people's employment and development while helping to accelerate the implementation of the SDGs. It presents social entrepreneurship and anchors it in the context of the 2030 Agenda. It examines how social entrepreneurship of young people can offer not only employment opportunities, but also support other elements of youth development such as their participation. It assesses challenges to young people's social entrepreneurship and examines the synergies between technologies and youth social entrepreneurship. Policy guidance is offered to enable ecosystems for young social entrepreneurs.
